DoP No 003

Standard EN 14915:2006+AC:2007

Thermally modified tongue and grooved massive
panelling board from softwood (Scots pine)

11-26 mm * 68-185 mm

End-use application: interior use ceilings and walls

Species	Scots pine (Pinus sylvestris)
Density and thickness	390kg/m ³ , 11/9-26/13mm
Fire resistance	D – s2,d0
Thermal conductivity	0,11 W/m K
Sound absorption	NPD
Formaldehyde emission class	E 1
Durability classification - against fungus	Class 2 Thermo-D Class 3 Thermo-S
