PREMIUM LUNAWOOD THERMOWOOD®

Lunawood is a premium wood material for versatile exterior and interior applications in all climates. Our products create opportunities for architects and designers to use wood in an innovative and natural way. The quality of our products starts by selecting the very best **certified Nordic pine and spruce**, which we enhance to produce the more durable, beautiful and long lasting Lunawood Thermowood. Only the carefully chosen, live knotted part of the tree is used to ensure the high quality of our final products – available in planed profiles and sawn timber.

Lunawood's **thermo treatment process** respects the natural properties of the timber. The raw material is processed using only heat and steam – no chemicals are used.

FOR DEMANDING APPLICATIONS

Thermal modification enhances the performance of timber, which expands the range of applications in which it can be used.

DIMENSIONAL STABILITY

Retains its shape better than untreated wood and therefore a perfect choice for demanding applications

ALL CLIMATES

Can be used both indoors and outdoors in all climate conditions

WEATHER ENDURANCE

Durable and weather resistant, Lunawood Thermo-D has Class 2 decay resistance

NON TOXIC

Completely natural and toxic-free material

THERMAL INSULATION

Decreased heat transmission compared to untreated wood

RESIN FREE

Resin is removed during the Thermal modification process

SUSTAINABLE FORESTRY

Raw material is grown in sustainable and certified Nordic forests

CERTIFIED QUALITY

Trademarked product produced by patented and annually audited process

FACADE

Lunawood is a reliable choice for exterior cladding and facades due to Thermowood's improved dimensional stability, durability and aesthetics. Planed Lunawood products provide a modern finish for a variety of applications.

MOST POPULAR DIMENSIONS:

Luna UTV 19×92/117/140, Luna Panel System 19×117/185, Luna SHP 19×92/117, Luna UTS 19×117, Luna UTV Hidden nailing 20×142

Love for the Forest

Lunawood is a pioneer and global market leader of Thermowood. We love the forest, its untamed freedom and its incomparable strength. Our mission is to reconnect nature with people in urban environments. We make the soothing effect of the forest available to all.

Our mills in Finland transform the very best Nordic pine and spruce into beautiful and long-lasting Thermowood. It is the ideal foundation and the perfect material for an ecological and healthy way of designing, building and living.

Every Lunawood product is an authentic piece of Nordic forest and is the result of years of dedication to sustainability. Non-toxic Thermowood is suitable for all climates and types of weather. It is dimensionally stable and resin-free. These unique properties inspire architects and builders to create amazing and versatile projects around the world.

Founded in 2000, Lunawood employs 90 professionals in Finland, at its production units in Iisalmi, Kaskinen and Joensuu, as well as at its head office in Lahti and in its main export markets. In 2017 Lunawood's turnover was EUR 41 million.
