# A FEEL-GOOD INTERIOR WITH LUNAWOOD THERMOWOOD

Every Lunawood Thermowood product is an authentic piece of Nordic forest and the result of years of dedication to sustainability. Lunawood Thermowood is a pure organic material produced using only natural methods - heat and steam - without chemicals. Our products are non-toxic and resin-free.

Lunawood enables harmonious aesthetical flow outside in and inside out with the same profiles. It lets the exterior and interior space to communicate seamlessly with each other.

Our products have natural, yet vivid textures of Nordic Spruce and Pine: round and butterfly shaped knots create unique contrast and dynamics to any interior.

# A LIFELONG DELIGHT FOR ALL THE SENSES

## SILKY AND AUTHENTIC

Lunawood Thermowood has a silky-smooth surface. The genuine look and feel comes from the knots and cracks, which lend an impressive, rustic, and natural finish.

## VIVID AND ORGANIC

Beautiful brown toned, Lunawood Thermowood with a unique glow brings nature into an urban space. Battens and panels with versatile surface textures, and round or butterfly-shaped knots create an organic feeling.

## THE PURE SCENT OF NATURE

Non-toxic and resin-free Lunawood Thermowood has a refreshing and subtle scent of wood, which gives you an immediate sense of the Nordic forest inviting you into a natural living space.

## A PLEASANT SOUNDSCAPE

The porous wood surface does not reflect sound in the same way that hard and artificial materials do. Lunawood Thermowood creates both visually dashing and acoustically functional surfaces.

DIMENSIONAL STABILITY

ALL CLIMATES

## Love for the Forest

**Lunawood** is a pioneer and global market leader of Thermowood. We love the forest, its untamed freedom, and its incomparable strength. Our mission is to reconnect nature with people in urban environments. We make the soothing effect of the forest available to all.

Our mills in Finland transform the very best Nordic pine and spruce into beautiful and long-lasting Thermowood. It is the ideal foundation and the perfect material for an ecological and healthy way of designing, building, and living.

Every Lunawood product is an authentic piece of Nordic forest and is the result of years of dedication to sustainability. Non-toxic Thermowood is suitable for all climates and types of weather. It is dimensionally stable and resin-free. These unique properties inspire architects and builders to create amazing and versatile projects around the world.

Lunawood Thermowood production started in 2002. Today company employs 100 professionals in Finland, at its production units in Iisalmi, Kaskinen and Joensuu, as well as at its head office in Lahti and in its main export markets. In 2019 Lunawood's turnover was EUR 49 million.
