# LUNA TGV BRUSHED

## Guideline for Luna TGV Brushed installation

Luna TGV 17x188 Brushed is a wide rustic panel of Nordic spruce. It has appealing brushed surface with Luna Thermo-S treatment.

dimensions (mm)	17x188
class	LunaThermo-S
species	Nordic spruce
length (m)	3,9 / 5,4
m/m <sup>2</sup>	5,62

### Indoor application:

← Use stainless steel nails

Nail length 40-45 mm.  
Recommended nailing angle,  
45 degrees.

Provide adequate support structure in accordance with your local building regulations. Do not install lamps or other heavy objects directly to the product.
