

LUNA ARCTIC PRODUCTS

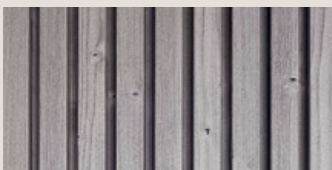

A stunning silver-grey appearance for exteriors and interiors

Luna Arctic products feature a brushed surface that is enhanced with a stunning silver-grey finishing. The ingenuity of the finishing is that it evolves naturally over time: fading gracefully on weather-exposed areas while remaining vibrant in shadier, more protected spots. The outcome is a natural, uniform appearance that, best of all, requires only little maintenance.

Perfect for both outdoor and indoor applications, Luna Arctic products offer the versatility to create seamless transitions between spaces by using the same beautiful grey finish inside and out.

Crafted from thermally modified softwood sourced from certified renewable Finnish forests, these products combine durability, sustainability, and timeless design.

The tongue-and-groove Luna Arctic products are an excellent choice for walls and other decorative surfaces, while the SHP battens are ideal for finalizing door and window openings. Together, they provide a complete solution for achieving a cohesive and elegant grey look.

Luna Arctic Triple 32x140 Brushed

WHY LUNA ARCTIC?

- Immediate grey appearance right after installation
- Easy to maintain in all climates
- Suitable outdoor and indoor applications, also for spa and sauna facilities

Black Fox Cabin in USA by Nick Santos
